EDUCATION

Cochin University of Science and Technology	Kochi, Kerala
Master of Computer Applications	2024 – 2026
Maharani Janki Kunwar College	Bettiah, Bihar
Bachelor of Computer Applications	2020 – 2023
+2 National Public School	Bettiah, Bihar
Intermediate,Science	2018 – 2020
MS MEMO PUB School	Motihari, Bihar
Matricullation	2018

EXPERIENCE

AI Summit Internship | AccelerateX	Kerala, India
Focused on building a foundation AI project	Oct 19, 2024 – Oct 23, 2024

- Participated in Kerala's Largest AI Summit organized by AccelerateX.
- Gained hands-on experience in AI project development.
- Worked on foundational AI concepts, data processing, and model building.

PROJECTS

- **Food Delivery App MERN Stack**
- Developed a full-stack food delivery application using **MongoDB, Express.js, React.js, and Node.js (MERN Stack)**.
- In This Application I used , JWT authentication, Real-time food listing ,Cart, and Order placement. Includes a responsive React UI,admin panel, and RESTful APIs for seamless user and Admin interactions
- Built **real-time food listing, cart management, and order placement** with dynamic updates.
- **Technology used:-** MongoDB , Express.js , React.js , Node.js

SKILLS

- **Programming Languages:** Python , C , Core Java
- **Databases:** MySQL , MongoDB
- **Coursework:** Operating System , DBMS , OOPS , CN , Computer Architecture , Machine Learning
- **Development:** HTML, CSS, Basic JavaScript, React.js, Node.js, Django, FastAPI
- **Developer Tools:** Git, GitHub, VS Code, Jupyter, IntelliJ IDEA

ACHIEVEMENTS AND INTERESTS

- Solved 400+ questions on GeeksforGeeks , LeetCode , HackerRank.
- IBM SkillBuild Artificial Intelligence / Machine Learning Certification
- IOT Certification by NPTEL (swayam)
- Interested in Competitive Coding, System Design, and Development.

EXTRA CURRICULAR ACTIVITIES

- Active NSS Member.
- Organized and managed events in college functions.
- Leadership and teamwork experience.
